PROFILE

Experience: +8 years

A .NET Team Lead with expertise in agile development, and crafting high-quality software solutions. With a strong foundation in .NET and Microservices architecture, I build scalable, reliable applications tailored to business needs. I excel in managing small teams, driving CI/CD pipelines with Docker and integrating modern tools such as Redis, RabbitMQ, Firebase, Elasticsearch, Kibana and Monitoring app using Grafana. Passionate about fostering collaboration and delivering impactful solutions, I bring a blend of technical expertise and leadership to every project.
